

# INDUSTRY CERTIFIED COURSES

Our courses are designed to meet the needs of industry and lead to recognised qualifications issued by our Awarding Organisation partners. Most courses require no previous experience or qualifications just a willingness to learn something new. With our Short Courses it is never too late to learn new skills or change direction. You can meet new people with similar interests while gaining a qualification and learning new skills to reach your full potential.

## NPTC Courses

Our range of NPTC courses (City & Guilds) will help you gain the experience and achieve the professional qualification you need to progress in your current role, change career or learn a new skill.

- Chainsaw Maintenance & Crosscutting
- Knapsack Spraying
- Felling & Processing Small Trees
- Aerial Cutting of Trees
- Novice & Experienced Telehandler
- Tractor Driving
- Tree Climbing & Rescue
- Pest Control
- Safe Use of Pesticides
- Transport of Animals

## Regulated & Non Regulated Qualifications

We also have Regulated & Non Regulated Qualification courses on offer that do not require any previous experience.

- Canine First Aid
- Abrasive Wheels
- Emergency First Aid
- BASIS Foundation Award in Agronomy
- First Aid At Work
- Taxi Driving
- Mobile Air Conditioning
- Lantra Basic Tree Survey & Inspection

Available dates and prices for each course are regularly updated at [www.suffolk.ac.uk](http://www.suffolk.ac.uk)

We are constantly updating and planning new courses and have a team ready to discuss your requirements.
