Image: Meme	Animal meme page	Meme of monkey staring intently at paper, with caption 'me looking at the F my kid got for the math homework I solved'	Relatable to my own recent experiences, liked in order to bookmark and share with contact who shared the same experience
Video ad	Cats Protection	Live action video with an added 2D animated cat character interacting with the live action footage	Liked as the post is a technique i'd like to try for my own content creation, bookmarked to refer to later on
Image: Artwork	Artist account	Digital sketch of a couple embracing	Relatable, liked to show partner later on. Aesthetically pleasing art. Liked to show artist engagement and support.
